

My name is Dom and I help run Thirst – a monthly worship and prayer evening for Students, 20s and 30s. We have been going for just over a year now and we wanted to let you know how things have been going.

We started Thirst because we wanted to add to the great Church unity that already exists in this community. As well as gathering young adults together to seek the face of God. Our prayer was that as they encountered God, that people would be impacted and changed. And that they would go back to their own Churches, Universities, Workplaces etc. and impact others.

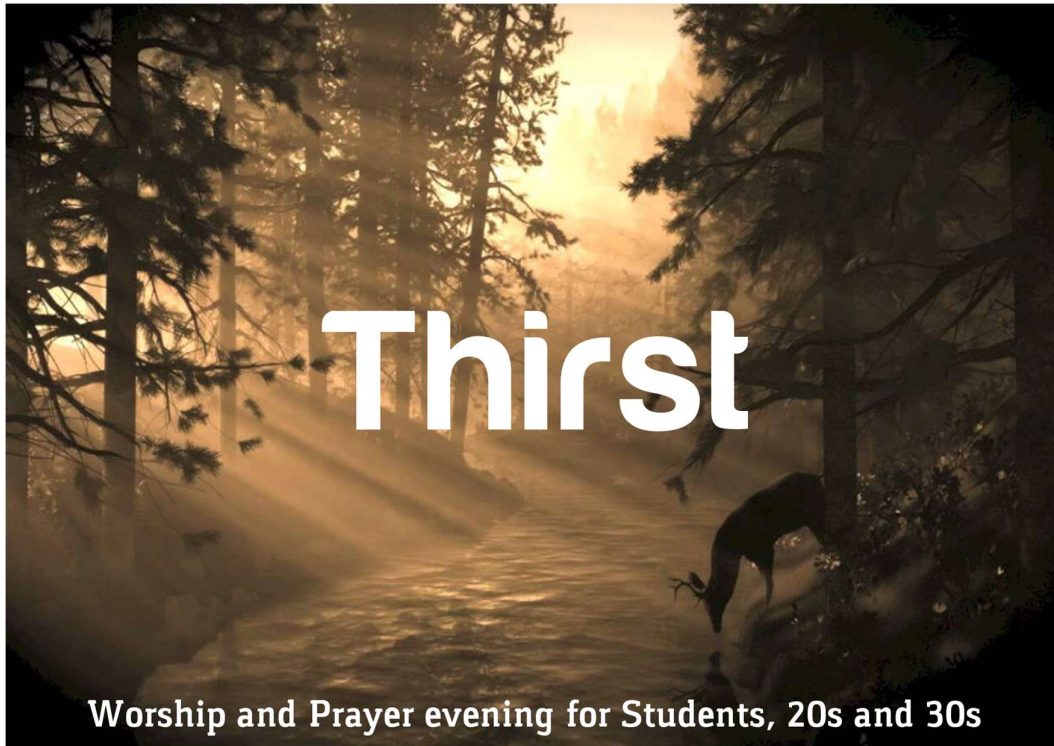

We have seen attendees from numerous churches in Leamington, Warwick, Rugby and Coventry. A massive encouragement has also been seeing the worship band often formed from members of different churches. By creating a time and space for people to leave the busyness of life and seek God, we have seen God really impact people. I think one of the most encouraging stories for us has been someone who came along who was on the fringes of their church and was encouraged to get stuck back in with their Church after encountering God at one of our meetings.

Our prayer going forward is that young adults across this area would continue to fellowship together and develop friendships based on a shared love for Christ. And that people would come and encounter God.

We also would like to extend an open invitation to yourself – if you ever wanted to come check out Thirst for an evening we'd love to see you there.

Kind Regards

The Thirst team
